

2020-2021

# Community Report

# Foundation Updates

**Any community is only as strong** as its health care system. Here in Knox County, we've been blessed to enjoy convenient access to quality healthcare through Knox Community Hospital. Your Foundation for Knox Community Hospital strives to expand that access for as many people as possible. Through successive campaigns, the Foundation has played a crucial role in the construction of the Wright Family Medical Pavilion, provided 3D Mammography equipment, upgraded diagnostic imaging, and more. None of this would have been possible without the generosity of our community. The Foundation may be providing your neighbor with diabetic supplies, such as testing equipment and strips, or your co-worker with needed transportation during their cancer treatment. With your continued support, we can give hope to future generations, right here in Knox County.

Marc Odenweller

## TIME IS MUSCLE

Our current campaigns include Time is Muscle, focused on portable cardiac monitoring units for the Emergency Department—equipment that may help to save lives through rapid communication with interventional cardiologists. In addition, the Foundation has shared in the exciting development of the new KCH Centerburg Health & Wellness facility to provide expanded primary and specialty care services, along with physical therapy, a medical fitness center, and more, for the Centerburg community.

## Wright Family Medical Pavilion opened in 2020!

**At KCH**, a recent point of pride is the Wright Family Medical Pavilion, which has made it possible for our patients to visit their primary care physician, get a referral for specialized care and see a medical specialist—all in one convenient location. No need to drive to Columbus or Cleveland. Increasing access to specialized care while also alleviating the hospital's critical need for more space has made a huge difference in the lives of fellow Knox County residents.

The Great Expectations campaign, which raised funds for the development of the Wright Family Medical Pavilion, from 2018 to 2022, resulted in

# MORE THAN \$11 MILLION

### Here's what some patients had to say:

**"The new Wright Family Medical Pavilion is absolutely beautiful. Everything first-class! Knox Community Hospital is an incredible medical facility located in a small town in rural Ohio."**

**"Delivering my baby at Knox Community Hospital Ann Schnormeier Center for Birthing Care was an amazing experience for my family. We couldn't ask for a better nursing team and doctors who checked on us and ensured we were as comfortable as possible... You're all amazing!"**

# Community Benefit Statistics

## 2020-2021

### Community Health Support and Screenings

|              |                    |

| Number of Inpatient Discharges               | 3,558                  | 3,873   |
|  | (ED Dashboard)         |         |
| Number of Surgeries and Procedures Performed | 4,995                  | 5,534   |
| Number of Medical Imaging Tests              | 61,039                 | 68,131  |
| Cancer Patients                              | 1867                   | 1976    |
|  | (Recurring Admissions) |         |
| Number of Wound Care Visits                  | 498                    | 578     |
|  | (Recurring Admissions) |         |

|  | 2020                   | 2021   |
|--|------------------------|--------|
| Number of Cardiopulmonary Tests                      | 18,071                 | 20,532 |
| Number of Outpatient Rehabilitation Therapy Patients | 1,740                  | 2,297  |
|  | (Recurring Admissions) |        |
| Number of MRIs                                       | 2,716                  | 2,984  |
| Number of CT Scans                                   | 12,928                 | 14,083 |
| Number of Mammograms                                 | 3,943                  | 5,176  |
| Number of Occupational Health Treatments             | 518                    | 537    |
|  | (Recurring Admissions) |        |

# Accreditations & Awards

Knox Community Hospital is accredited by The Joint Commission. Accreditation of a hospital is critical for many reasons, but in general, it demonstrates our commitment to continuous improvement in patient care. In addition, KCH is proud to hold specific accreditations and certifications in several key service areas.
